Importantly Dropped a Course and Withdrawing From the University

Students often confuse these terms. Dropping a course and withdrawing from the University closed are not the same. Dropping a course means that you are dropping all of your courses and are no longer enrolled for the current semester. This may occur until the Friday before pre-finals week (December 2, 2005). The withdrawal process is initiated in your dean’s office. Check the Important Dates section for the “Drop” and “Withdrawal” deadlines for this semester.

Pre-Finals Week Policy

Final examinations are scheduled at the end of each semester and are preceded by pre-finals week, which shall begin seven (7) days prior to the first day of finals. During pre-finals week, all normal class activities will continue; however, no assignment, test, or examination accounting for more than 5% of the course grade may be given; and no activity or field trip may be scheduled that conflicts with another class. This excludes makeup and laboratory examinations, out-of-class assignments (or projects) made prior to pre-finals week, and independent study courses. No student or campus organization may hold meetings, banquets, receptions, or may sponsor or participate in any activity, program, or related function that requires student participation. Additional information may be obtained from the student services office of each college or the Office of Academic Affairs.

Final Exam Overload Policy

In the event that you have three or more final exams scheduled for a single day, you are entitled to arrange with the faculty member instructing the highest numbered course (4 digit course number) or two highest, if you have four finals on one day, to re-schedule that examination(s) at a time of mutual convenience during final exam week. You may not reschedule common final exams unless you have common exams scheduled at the same time. You should submit this request in writing, with a copy of your class schedule, at least two weeks prior to the beginning of final exam week. The faculty member has one week prior to the beginning of final exam week to arrange a mutually convenient time for administration of the final exam, after which you take the request to the Office of Academic Affairs, 101 Whitehurst.

Class Attendance is Important

Attendance usually has a high correlation with how well you perform in a course. Talk with your instructor about any absences. Many instructors consider attendance so essential that your grade may be affected by your absence. Some departments and professors have mandatory attendance policies. Check your course syllabus or ask your instructor for this information. If you are required to participate in official university-sponsored activities or military training you should receive an excused absence unless the written course attendance policy indicates otherwise.
